## **OFFSET PLATE AND STENCIL FILES**

*the most modern, efficient method of filing offset plates and mimeograph stencils for reruns!*

Modern duplicating and printing methods demand speed, convenience and efficiency in filing. Offset Plates and Mimeograph Stencils saved for re-run. The patented MIM-E-O Spring Clip method of filing Offset Plates and Stencils vertically COMPLETELY PROTECTS plates from scratching and bending, completely protects Stencils from sticking, creasing, tearing or other damage. Angle Indexes provide quick filing and finding . . . FIVE convenient models meet the needs of every printing and duplicating department.

popular, practical  
**"Rollaway"** model

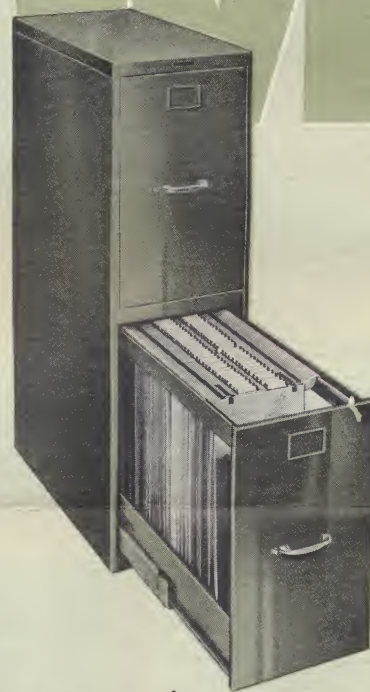

A "must" for every Duplicating and Printing Department where offset plates and stencils are used in average volume. All-steel construction, scientifically ventilated. Piano-hinged lid has locking arm supports and inside pocket for Index, File Wrappers, etc. Nickel-plated tracks provide firm, smooth base for sliding hangers. Ball-bearing swivel casters permit easy moving—slides under table out of way when not in use. Height 25½", Width 13", Depth 26". Weight 35 lbs. Finish: Gray, Frost Green or Fawn  
Filing Capacity: Approximately 400

**UTD model 360**  
upright two-drawer

For Offset Plates Up to 13" Wide

A specially designed cabinet for filing up to 1000 offset plates and negatives. Equipped with 13½" wide hangers, the UTD is manufactured exclusively for MIM-E-O by Yawman & Erbe Mfg. Co. With progressive-type suspension of 10 rollers and 6 ball-bearings for easy drawer operation. Height 50¾", Width 18", Depth 28". Weight 200 lbs. Finish: Gray, Frost Green or Fawn at slightly additional cost.  
Filing capacity: Approximately 1000

space-saving  
**UTD model**  
upright two-drawer

For Standard Size Plates

This type cabinet permits large-quantity filing in minimum floor space. Grade "A" file, manufactured exclusively for us by Yawman & Erbe Mfg. Co. Height 50¾", Width 14¾", Depth 28". Weight 160 lbs. Finish: Gray, (Frost Green or Fawn at slightly additional cost.)  
Filing capacity: Approximately 1000

### easy to file!

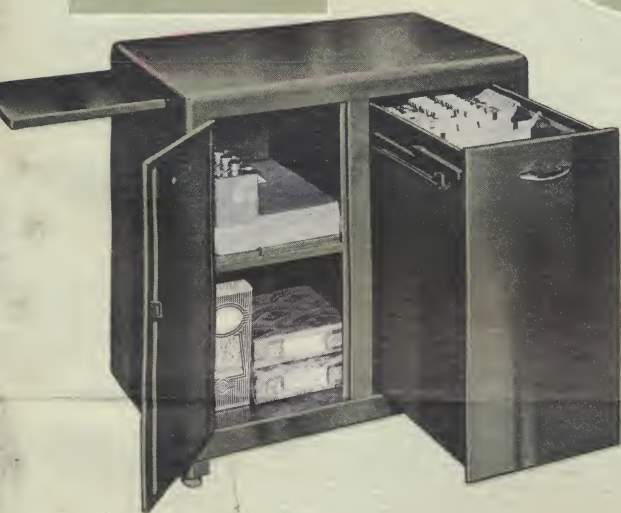

To file offset plates or mimeograph stencils, simply place stencil in file wrapper and slide top edge up and under two spring clips. Index for quick finding.

### saves space!

Single and double heavy Kraft pocket envelopes 10½" x 18" designed for filing standard size Offset Plates and related job materials compactly.

### easy to find!

Ingenious MIM-E-O Angle Index tabs snap onto hanger for **INSTANT** location of desired stencil. Two line writing space for plates or stencil number.

### three-in-one

### "Combination" model

This convenient unit serves three important uses: (1) Provides a rigid, vibrationless offset press mimeograph stand. (2) Has two roomy compartments for storage of supplies. (3) Has full-suspension Drawer-type File suspended on roller bearings. Base equipped with four (4) adjustable glides to permit perfect leveling on uneven floors. Also available with Ball-Bearing Casters (two locking) at slight extra cost. Height 29" adjustable to 30½", Width 31½", Depth 21", Weight 110 lbs. Finish: Gray, Frost Green or Fawn. Filing capacity: Approximately 400

### work-table

### "Master" model

Streamlined, desk-high double-drawer cabinet provides convenient work-table or machine stand plus two 19"-deep drawers for filing of Offset Plates, Stencils. Rugged steel construction. Full-suspension roller-bearing slides provide free and easy drawer operation. Base equipped with four (4) adjustable glides to permit perfect leveling on uneven floors. Also available with Ball-Bearing Casters (two locking) at slight extra cost. Height 29" adjustable to 30½", Width 31½", Depth 21", Weight 135 lbs. Finish Gray, Frost Green or Fawn. Filing capacity: Approximately 800

### filing capacity

Maximum filing capacity of each model depends upon the method of filing employed. As an example each single hanger may be used to hold one or two stencils or offset plates. The use of double lug hangers, single or double envelopes will also vary the capacity. Approximate filing capacities of each model are listed with the description.
